3Y0X ---> The 2006 Peter I DXpedition has been awarded a major sponsorship grant by the Northern California DX Foundation, Inc. (NCDXF). It exceeds their contribution for last year's postponed effort and makes NCDXF the DXpedition's largest financial contributor. DXpedition is funded principally by its members, but 30% of the total cost must come from the DX community and additional assistance is still being sought. For further information on the DXpedition, and how to contribute to its success, please visit www.peterone.com

Jack Anderson (V51KC, one of the operators) states that "it was decided by all of us that the QSL's will all go to IZ8EDJ and nobody else". Oreste says that the cards can be sent to him direct or via the bureau.
